

# THE HAYTI HERALD

VOL. 8.

HAYTI, MISSOURI, THURSDAY, JANUARY 27, 1916.

NO. 11.

## AN ERA OF PROSPERITY.

The stockholders of the Bank of Hayti held their annual meeting in this city Wednesday of last week, with a majority of the shareholders present. After carefully going over the business of the past year they got down to business and the result of the election was that all the old directors were retained. The new directors elected the same officers for the new year. The business was found to be one of the best yet, in being satisfactory in every way. The Bank of Hayti has just installed a new ledger listing machine which will do away with the old way of posting the bank books, being both more accurate and faster. This bank is the second oldest bank in the county, and is considered one of the strongest.

Our attendance this week is the best we have had since the holidays. In view of this fact we request that all children who are absent from school and have free textbooks at home to please send them in at once.

We wish to extend our thanks to Mr. Chris Settles for a gift to the Agriculture Class of five ears of his Brazilian flour corn. This type of soft corn is classed by scientists as the Zea Amaylacea, and seems to be the only variety of soft corn grown in the United States. Several varieties of this corn are grown in Central, and South American countries.

Thursday night the High School girls play Senath girls on our court. If you want to see one of the best games you have witnessed this season come and see us defeat the Senath team. This team defeated our girls at Senath in the early part of the season but our team has been considerably strengthened since that time.

Have you placed an Ad. in the High School Annual? If not why not. This sort of advertising will be kept in the homes for years, and will be a constant reminder of your business to each and every reader. See the committee at once about that advertisement you would like to put in.

## Old Citizen Dead.

Among those from this city who attended the funeral of Uncle Billy Fields, who died last Saturday at Portageville, were J. M. Argo, John Fields, Ed Juden, W. E. Robertson and Morgan Warth.

"Uncle" Billy Fields was perhaps one of the oldest citizens of this country, he being at the time of his death 84 years of age. He had been ill for some time. Funeral services were held Sunday at 2:30 p. m. under the auspices of the Masonic lodge of Portageville.

Collin Morgan, who has been here for the past week visiting his sons, Fred and Chas. Morgan, also to attend an important meeting of the Masonic lodge, left for his home at Paragould, Ark., Friday morning.

## W.D. HUDGENS.

W. D. Hudgens, familiarly known as "Doss," announces in the Herald this week for the office of associate judge of the county court from the first district.

Eq. Hudgens was born and raised in this county, and is a man of mature age. At present he is a citizen of Concord township, holding the office of justice of peace, which office he has held for two successive terms. He has the distinction of receiving seven more votes in the last election in that township than any other candidate. At one time he was appointed constable of Hayti township and at the following election was elected again.

He says he has never held a county office, but feels that he is in a position to serve the people to their advantage, and that he will not only look after the interests of his district, but after the interests of the whole county.

Mr. Hudgens says it may not be possible for him to call on all the voters, but that he will appreciate their vote and influence at the primary, August 1, 1916.

## Correspondents Wanted.

This paper wants a good, live, energetic correspondent from each school district in Pemiscot county, to send in good local news from each community each week. We will be glad to pay well for service rendered. For further information, call or write to the Hayti Herald.

Elmer Stephens, who has been in St. Luke's Hospital, St. Louis, several weeks, undergoing treatment for appendicitis, is improving and has been able to sit in a chair some this week. It is likely his condition will improve rapidly now, and he will soon be able to return home.

L. C. Averill has begun the erection of two residences on his lots just west of the East Arkansas Lumber Co. We are glad to note the era of building in this city as houses are very scarce, thus retarding the growth of Hayti.

Mrs. A. R. Sisk and sister, Miss Mollie Fowler, of Caruthersville, and Mrs. Alvey and daughter of Reedley, Cal., who are visiting relatives and friends in this county, were guests of Mrs. Bernie Stockmann in this city Wednesday afternoon.
